

## EVALUATION REPORT

### Course "Caregiver of people in a situation of dependency"

#### 1. Introduction

The objective of this report is to present the results of the evaluation of the project entitled: "Collaboration is worth it" as part of key action 2 Erasmus +: Partnerships for cooperation no. project **2022-2-PL01-KA210-VET-000099381**

#### 2. Methodology

The evaluation was carried out based on the results of the survey. Surveys were sent to each participant who completed the course between **October 23, 2023 and November 20, 2023.**

#### 3. Project description

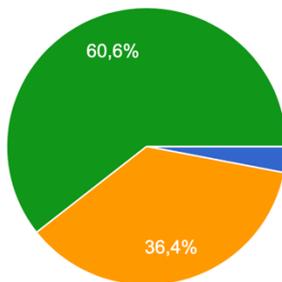

The main goal of the project is to create a free online course " Caregiver of people in a situation of dependency " on an educational platform. The target group of the project is people who already work in this profession and people interested in ~~the topic of~~ care for the elderly and disabled. The resources and materials published in the platform can also be used by training and teaching institutions free of charge. The project also aims to support people with fewer opportunities, such as migrants at risk of socioeconomic exclusion, allowing this group of people to acquire professional qualifications, find a job and improve your personal development.

## 5. Conclusions

Of the 52 registered people who completed the course before November 20, 2023, 33 platform evaluation questionnaires have been received. The responses received show that each person answered all of the survey questions.

The course " **Caregiver of people in a situation of dependency** " received positive evaluations regarding:

- Suitability for working with elderly and disabled people (60.6% of users rate it as "very satisfactory", 36.4 % rate it as "satisfactory" and 3% as "unsatisfactory")
- Quality of the teaching materials ( 69.7% of users rated it as "very satisfactory" and 30.3% as "satisfactory")
- The usefulness of the forum for solving problems in the caregiver's work ( 54.5% of users rate it as "very satisfactory", 39.4% as "satisfactory" and 6.1% responded that didn't know or didn't answer).
- Recommend the course to other people: 100% of people recommend participation in the training to other people.

The results show a high degree of satisfaction with the course, with users recommending it to other people, not having received significantly negative ratings in the areas surveyed, only one user expressed dissatisfaction with the usefulness of the course.

## 6. Recommendation

The team of experts and coordinators recommends the inclusion of interactive digital material as a line of improvement for future editions, further encouraging interaction between the user and the platform.

Likewise, the integration of the evaluation questionnaires within the platform itself is valued in subsequent developments.
